NO. 84.

MRS. J. L. BEAZLEY GOES TO HER REWARD

NOBLE WOMAN PASSES AWAY AFTER BRAVE FIGHT—OF PROMINENT FAMILY.

There, passed from earth to heaven on Tuesday December, 13th, 1910, the spirit of one of Stanford's best loved women, Mrs. Roberta Glens Beazley. Although she was known to be seriously ill for days, the announcement of her death was a shock to her host of friends and relatives. She became the wife of J. L. Beazley on the 18th day of December 1907 and for nine years she was the ideal wife and later the model mother. She leaves two children, a son, Earlwood, eight years old and a baby girl one month old, to the tender care of husband and dear ones. Here was a gentle spirit and her silent influence was for all that was good and pure and true. To those who are bowed down with anguish we can point to the Father above who has given a comfort or to the troubled hearts of earth.

In early life she became a member of the Christian church, and was one of its most loyal and faithful members. Mrs. Beazley was the daughter of the late Sowell Glens, one of the best known citizens of Lincoln county in this day. Besides her husband and two little ones, she is survived by the following brothers and sisters: Mrs. W. P. Grimes, and Mrs. A. G. T. Smith, of this city, and Mrs. Forsythe who lives in the west, Woodford, Ky. of Middleburg and Luther Glens, of Harrodsburg, and George C. Glens and Bowen Glens, of this county.

Rev. Joseph Patton conducted services over the remains of this noble woman at the home on Danville Pike Thursday afternoon which was laid to rest to await her resurrection morn. The pallbearers were: Active—H. C. Houghton, C. T. Beazley, Robert T. Price, J. H. Woods, and T. A. Rice, Homorary—S. T. Harris, C. E. Tate, I. H. Foster, I. C. Entonick, J. A. Decker and W. M. Hight.

Brodhead.

Married Frank Peoples made several attacks Saturday night for cold chills.

Earlwood Beazley, son of the late Mrs. Beazley, who was laid to rest, is a splendid boy and a splendid family. Mrs. Beazley was a splendid family and a splendid family.

M. C. Hawkins after several weeks absence is again heading out on his trip to the south and west.

J. H. McCall is contemplating buying the farm on Negro Creek late to lose you Joe, but our loss will not be your gain.

The Lyons Lumber Co. are working day and night trying to catch up with their orders.

Sherman Hopkins, of the Gun Sub-section died of typhoid fever and was buried last Saturday with full funeral honors in the Christian church cemetery.

William Cooper who has been stationed here as assistant section foreman on the railroad the past year has left to take charge of a section at Mitchellburg. Mr. Cooper has proven himself a gentleman while in our midst. Luck to you and yours William.

Arch Brown who has been suffering a long time with rheumatism is reported very low.

C. H. Fifth after a severe illness in the streets again. John Sigman has gone to Corbin and will likely make his home there with his son Grant Sigman.

Miss Mollie Brown of Louisville and Capt. Arch Brown of Lebanon function at the bedside of their brother, Arch Brown.

Druggist J. F. Watson is suffering with rheumatism.

Mr. Hays, Belcher and family are visiting in the Hays section. C. U. Hays leaves in a few days to accept a position as foreman on the Q. & C. railroad we will be glad when the day comes that we will see Urban sitting on the right side of his engine.

W. C. Owens who has been with his uncle here for several weeks has returned to his home in Frankfort, Ky.

W. C. Owens who now holds a good position with Missouri Pacific railway is at home for a few days. Heck Al bright who has been away for several months is back home.

Rev. A. J. Pike tells us he experienced one of the worst times of his life one night last week. He was called to Henry, Ky. to preach the funeral service of a Mrs. Petty who was a member of the church six miles out in the country from Henry, where he had been pastor, leaving here at noon the weather was cold and snowy. He reached Henry about dark stepping from the train onto a pile of snow. The funeral party coming from Covington with the remains of Mrs. Petty the having died at that place reached Henry about the same time and was met by relatives with a 2,600 pound hearse pulled by 4 large horses also two large heavy sleds each pulled by 4 horses, starting to the home of the deceased they met with considerable trouble. The snow was drifted in the roads as high as the horses which were unable to travel in it. They had to place the remains on one of the sleds, leave the hearse in the drift and take the remains to the home of the deceased. Rev. Pike says it was not nine o'clock when they reached their destination and

To Cut Out Crop

CASEY FARMERS WILL RAISE LITTLE TOBACCO.

Middleburg, Dec. 15th. Many of the farmers of this neck of the woods will cut out the 1911 tobacco crop with interference of the night riders or any other disturbing element. They didn't go into the business of raising tobacco for their health or the fun of the thing. Most and bread for their families was the main inducement but doubtless many of them will cut tough biscuits in consequence they have any biscuit in consequence of the present low price of the crop on hand.

Rev. James Halliway who has been preaching for the Baptist church here for the past nine months closed his work Sunday afternoon, and Rev. F. C. Hancock, of Harrodsburg will take charge of the work June 1st.

Q. R. Jones who has had the Artisan lever for a year or more started Monday to the State to be absent some three months or more. He took with him Mr. G. A. Pruitt's deer gun, and promised to send us a mess of venison should he be so lucky as to kill a deer, which is not all probable. Quincey may shoot a few birds in the air but there is very little likelihood of his performing the feat of a deer, though he has been successful in turkey hunting.

R. W. Shurtz sold his household goods Saturday and moved to Indianapolis. W. T. Moore and C. C. Jones took their tobacco to Danville last week. They realized about 70 cents.

Tucker and McCormack bought a batch of 800 pound cattle of Joe Elliott last Saturday at 14 cents.

Some of our people are having a good killing time just now and are enjoying some ribs and sausage.

Another type made us say that the vote on the graded school bond question was taken on Sunday instead of Saturday. The word "observance" in the last item of news should have been "observance".

Mr. Stager, inspector for the Thompson Bridge Company, is working a horse, horse of iron on the bridge at the Elliot Ford, and he tells us that the work will be completed this week. It strikes us that the contract for building the road to the bridge ought to have been let before now.

Preachersville.

Mr. George J. White, of near Crab Orchard, while working on a frozen water pipe at the Splitter Sanatorium had a silver of steel stick into his finger, receiving a very painful wound.

Miss Henrietta Bailey, of near Crab Orchard, visited Miss Sarah Howard and Misses Ballard. Elmer Adams has been visiting his brother, Alvin Adams, on Cedar Creek, and August Parties at Griffin Station. He has been here the last year or so at Boone, Mo. We welcome Mr. and Mrs. U. O. Lewis into our community. They have moved to the White farm. Misses Lucile and Jessie Ballard and Miss Howard visited Miss Lizzie Miller. Mr. and Mrs. Quincy Carpenter were visiting Mr. and Mrs. S. C. Turpenter. Mr. and Mrs. L. L. Kennedy and Mrs. Phil H. Thompson spent a day in Lexington. Miss Belle Carpenter is at Lancaster as sales lady for Tom Howard.

Our friend W. F. Ballard and family have moved to Tappanna. "Fin" as he is commonly called, is a fine fellow, a good neighbor and one of our foremost tax hunters. William Lynchhouse of near Cedar Creek will soon move to the house rented by Mr. H.

Mr. J. H. Thompson who was so badly hurt by a hog, is able to be out with a cane.

The Hobbs school will be out Friday the 23rd. The school will have some nice closing exercises. Miss Sarah Howard, the teacher has taught as satisfactorily this year as last, and has the respect and esteem of both pupil and patron.

We are in receipt of a letter from our old friend, Hugh Seagraves, formerly of this section, but now of Christiana county. He says they have had only one rain since July and when it is in poor shape. And also says "Christian county is in a terrible about the road question and has spent many thousands of good money on the roads. You can't imagine how our roads look most of the winter just strips of red better often two feet deep from fence to fence and our pikes are poor and getting worse every year." We note a state who, awakened on the subject of the roads. And it is time for an awakening in old Lincoln now.

DANVILLE IS STILL A "DRY" TOWN

COURT OF APPEALS PASSES ON TWO LOCAL OPTION CASES—OTHER OPINIONS OF INTEREST.

The Court of Appeals this week passed upon two important local option cases, reversing the Hoyle Circuit court in both cases. The Courier-Journal's report of the first case is as follows:

In the case of the Board of Council of the city of Danville against, Hank Ramm, from Hoyle county, the law was certified, the court holding that the local option law is in force in Danville under the special act passed by the legislature in 1890. Ramm was fined \$100 and 40 days in jail for selling a pint of whiskey without having license. He appealed to the circuit court, and Judge, Sautley, who has since died, decided that the general local option law repealed the special act and that as no election for local option had been held under the general law, therefore Danville had no local option, law, and that Ramm could not be fined except under the statute fixing a penalty for selling without license. The court here is an exclusive opinion by Judge Heister, reviewing all the former decisions on the subject, concludes with these words:

"The local option law is in force in Danville, and Section 3490 Kentucky statutes, had no effect upon a local option law in cities where it is in force."

Section 3490 is the general local option law passed in pursuance of the express provisions of the Constitution. The other case was reversed on the judgment in the case of J. P. Hazlewood who is now confined in the Danville jail. The cause assigned by the higher court for its action was the mistake that had been made of combining two offenses against J. P. Hazlewood in one indictment. He was charged in the indictment not only with maintaining a nuisance on the Lebanon pike, but with selling liquor in local option territory. The Court of Appeals desires that he be tried separately for each offense. Tommy Long, Thomas Hazlewood and J. P. Hazlewood were all convicted in connection with the operation of a long station. Mr. J. J. Moore was fined on the charge of leasing property to the three named gentlemen. It is these cases that the higher court reverses.

Three other important cases to its section of the state were decided by the state's highest court as follows:

The case of the Southern Railway Company, etc., against Bond Stewart, from Whitley county was affirmed. This another of the damage cases growing out of the explosion of a car of dynamite in Leno several years ago. Stewart's house was wrecked and the jury gave him \$1,650.

The case of the C. N. & T. T. railway against Jeff Lovell's administrator, from Lincoln county was affirmed. Lovell was crushed to death between two cars while foreman of a yard crew at Somerset, and the jury gave his administrator \$15,000 damages. Chief Justice Barker dissented.

A very important point of law as to Lanks was decided in the case of the Corbin Banking Co., against J. H. Mitchell, etc., from Whitley county, which was reversed. The capital stock of the bank became impaired, and the Secretary of State ordered the officers to assess the stockholders the amount equal to the par value of the stock to restore the capital stock. Mitchell had put his five shares of stock as collateral for a loan from one Manley. He refused to pay the bank's assessment and suit was filed. The court holds that the secretary of State had the power to order the assessment; that bank has a lien on the stock for the assessment, and that the owner can be made to pay the assessment out of any other property he may have, even if he does surrender the stock.

Sale Of College.

At a joint meeting of the Board of Trustees of the College and the City School last week, it was decided to secure an order of court at the February term for the sale of the College property. The city school authorities are anxious to secure the property. It can be done at a reasonable figure, in order to make improvements so that a large number of the students can be accommodated there. The attendance is increasing so fast that the main building on Danville avenue is not large enough to hold them all. The college trustees did not feel that they should grant a long time lease, so it was decided to sell.

Cemetery Company

ELECTS OFFICERS AND DIRECTORS TO FILL VACANCIES.

At a meeting of the directors of the Danville Springs Cemetery Company this week, an election was held to fill the vacancies on the board caused by the death of John J. McRoberts and Mack Huffman. The new directors chosen by P. M. McRoberts and W. H. Shanks.

C. C. McClary was elected president of the company, to succeed Mr. Huffman, who had acted in that capacity for many years, and W. M. Bright was chosen treasurer in place of Mr. McRoberts.

A number of improvements are planned for the cemetery which will be carried into effect this next year.

"MUCH ADO ABOUT NOTHING"

TO BE PRESENTED BY STUDENTS AT OPERA HOUSE HERE ON DECEMBER, 27th.

The students of the Stanford graded school will present the great Shakespearean comedy "Much A Do About Nothing" at the opera house here Tuesday evening Dec. 27. The cast of characters will be as follows:

CAST OF CHARACTERS:
Don Pedro, Prince of Arragon.....Russell Brown
Don John, brother to Don Pedro.....Wallace, Singleton
Claudio, a young prince of Venice.....Harris Coleman
Benedick, a young lord of Padua.....Morrison Bright
Leonato, Governor of Messina.....Joseph Hopper
Antonio, brother to Leonato.....William McArthur
Balthazar, servant to Don Pedro.....John M. H. Waters
Brachio.....John M. Waters
Conrade.....Wm. C. Grimes
Followers of Don John.....
Fog Berry.....Thos. Coleman
Vergera.....Lester O'Bannon
Officers of police in Messina.....
Seacool.....Harry Redharr
Oateak.....Joseph Hill
Watchmen.....
Friar Francis.....Ed Rankin
Sexton.....James Cooper
Hero, daughter of Leonato.....Virginia Mathony
Renee, niece to Leonato.....Kate H. Roney
Margaret, Gentlewoman attendant on Hero.....Willie Moore
Isabella, Gentlewoman attendant on Hero.....Mary M. Mathony

The chief persons Hero and Claudio, Benedick and Benedick are contrasted in pairs. Hero is quiet, gentle and affectionate yet with sprightly smiles. Claudio's wooing is done by proxy and he does not sink under the anguish of Hero's disgrace and supposed death.

The male force is brought out in Renee, the flirtatious lively temper of character and Benedick, a wild witty and rattled brained person.

The artistic schemes to make these fall in love form a basis for comic humor of chance, which provides the play. The world melancholy of Don John, the villain of the play marks the power of Shakespeare to portray character.

In the play you will see the nothingness of human life wherever its hopes terminate in more earthly interests and relations. Insignificant matters are arrayed in all the pomp and circumstance of the greatest possible importance.

It will be a splendid thing to help and encourage the school in their noble effort to study Shakespeare as a dramatic artist. It will prove a wholesome condition of the season to have a hearty laugh and enjoy the work done by your town and county high school. Enjoy, curing the holiday season, a night of pleasure and profit. You will see in this play an admixture of the bitter and sweet of life. It will be an event of unusual interest and extraordinary enjoyment.

Remember the date Tuesday Dec. 27th, at 8 P. M., at the opera house.

The costumes of Italian raiment suitably modified will be used. They are furnished by Wm. Heck and Sons of Cincinnati, O.

Jury Couldn't Agree.

IN TRIAL OF ED HUBBARD FOR STRIKING MRS. WARREN

A jury in the county court on Thursday was unable to agree on a verdict in the trial of a charge of breach of the peace brought against Ed Hubbard, by Mrs. Walter Warren. Mrs. Warren charged that Hubbard had struck her three times across the head with a tobacco stick, when she had gone out to a barn belonging to Mr. Warren, but rented to Hubbard to feed her chickens. She and her daughter both testified that Hubbard reached for a shot gun after striking Mrs. Warren.

Hubbard's testimony was to the effect that he had been attacked by Mrs. Warren with a long whip and that he had merely defended himself against her. He alleged that Mrs. Warren had said to one of her daughters that she was "going out to fix him."

A large crowd witnessed the trial, and it is said that the matter will be taken to the circuit court. Hubbard was defended by Judge John N. Menefee while County Attorney W. S. Hureh prosecuted.

A SIMPLE SAFE GUARD FOR MOTHERS.

Mrs. U. Gibson, 325 Insley Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Kidney and Urinary. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Kidney and Urinary in the house. Accept no substitutes. Sold by Druggists and Tanners.

To Grand Jury

SAM OWENS HOCKER HELD UNDER \$150 BOND.

Sam Owens Hocker, who shot Solon Crade to death last Saturday night, was held over to await the action of the grand jury by County Judge that day at his continuing trial this week. The bond was fixed at \$150 which he was unable to give and was sent to jail.

At the trial it developed that Hocker's brother and two other negroes were endeavoring to take the shotgun away from him at the time, it exploded, the charge going through the door and killing Crade instantly. Hocker had had no trouble with Crade but had just a quarrel with John Harris Rife and had left promising to see him later.

YOU MUST READ THIS IF YOU WANT THE BENEFIT.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of the back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney and Urinary and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago."

TAKE CARE!
Remember that when your kidneys are affected, your life is in danger. "J. Mayer, Rochester, N. Y., says: 'My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put more life and strength into me and now I am completely cured and feel better and stronger than for years.'

ANOTHER PLAN TO SOLVE ROAD PROBLEM

B. T. LUNSFORD WANTS PRIZES OFFERED FOR BEST PLAN TO FIX ROADS.

Mr. Editor of Interior Journal.
Dear Sir:—

I have seen several articles in your paper and have heard considerable talk in regard to the road question in Lincoln county, but no one has suggested a remedy.

Now by your permission of space in the I. J. I will give my plan or system by which the road may be worked more economically, systematically and satisfactorily. Now for my plan:

Let the county be divided in four divisions like our school divisions or magisterial districts, Nos. 1, 2, 3 and 4, and let the magistrate be chairman on all occasions. Let him appoint three good practical men from the different sections of his division, as road commissioners to redistrict the roads in sub-division, not less than 3 nor more than 6 miles in each sub-division, with power to condemn any road bed that cannot be made a good road bed and view out a suitable road bed and condemn and purchase it for road bed. Let it be the duty of said commissioners to survey and give notes and bounds of each sub-division, that it may be put on record in the Clerk's office. When these commissioners have finished their report to the magistrate of their district, with the number of days worked and the magistrate shall present same to Fiscal Court when in session for acceptance or rejection. If they should make unreasonable charges for their labors it shall be the duty of the Fiscal Court to discharge them. It shall also be the duty of the magistrate to notify each sub-division by posting three notices in each sub-division to meet him at his office or some place designated by him, to elect a supervisor or road overseer over the sub-division. No one will be entitled to vote except he be 21 years of age and a citizen of said sub-division, and all citizens shall be eligible for nomination for supervisor that fill the requirements above. The magistrate shall preside at all meetings and decide all questions that shall arise and it shall be final, and he shall be entitled to a vote in case of a tie, and the man receiving a majority of votes cast at said election shall be declared supervisor. He shall be elected for life or good behavior, subject to indictment before said division court, by 5 good citizens stating in writing of willful neglect of official duty or not knowing how to work said road. Then the magistrate shall declare the office vacant and proceed to elect another as before. When the supervisor is elected and sworn into office, he shall be furnished with a copy of the road law and a survey of his roads, and he shall go over his roads, as often as 4 times a year and see the needs and study the best plans to work said roads. He shall file with his magistrate the list of tools he will need to work the roads and the amount of money needed for repairs so the magistrate can present same to the court of levy for their deliberation. It shall be the duty of supervisor to notify the citizens of sub-division when he is going to work the roads giving them three days notice in writing or in person, stating rules and regulations to be governed by, that ten hours shall constitute a day's work, and that work shall be performed by able bodied men, able to do good honest manual labor; one dollar per day for as many days as supervisor employs him. Teams hauling or ditching shall work ten hours per day and shall be good strong teams and drivers. Teams must have a good close gravel bed made of 2x1 and holding not less than one yard or 27 cubic feet, and he is to put the metal where the supervisor designates. He shall be paid \$2.50 for each day the supervisor employs him, this is to be paid out of the county levy when he pays his taxes. Then let any supervisor receiving or reporting anything short of these rules and regulations be fined not less than \$10 nor more than \$10 this to be taken out of his salary, and he shall forfeit his office upon conviction. The supervisor to be entitled to two dollars per day for every day while supervising the work in person or while on visits of inspection of the roads not to exceed ten days in any one year. Then let his report be signed by three citizens along the roads when the roads work has been finished. It shall be the duty of his division together the supervisors of his division to call to devise the best plans for working dirt roads and said magistrate shall have two dollars per day for each day at such meetings not to exceed ten days in any one year.

Now I will close hoping to hear from others on county dirt roads and turnpikes, both of which are being badly neglected. I would suggest that Judge Bailey offer a premium of ten dollars to the man who offers the best plan and the one that the court accepts for the working and maintaining of roads in Lincoln county.

B. T. LUNSFORD.

BEEHIVE MADE OF CONCRETE

Anyone With Little Ingenuity Can Make Them—Set of Molds Will Last Indefinitely.

Among the occupations which offer profit and amusement, and at the same time entirely suited to women, is that of bee raising. Its advantages are that little space is required, there is no great expense and the work is light, requiring only a limited amount of time and care. Much of the apparatus required may be made at home and where the facilities for this

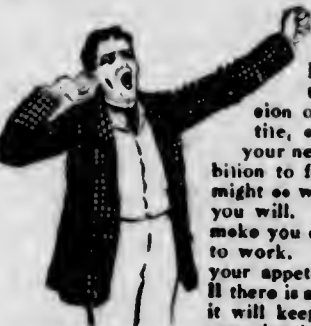

Concrete Beehive.

are not present, the things may be purchased without any great outlay of money.

There have been many improvements lately in the manner of constructing the beehives and probably the most interesting is one which is made of concrete. A patent has been recently issued covering the manufacture of concrete beehives, but anyone with a little ingenuity may easily make them, and a set of molds once having been made satisfactorily, may be used indefinitely and any number of hives made from it. Anyone attempting to make a hive of this material should acquaint themselves with the character of the cement and should also be familiar with the habits of bees.

You know as well as anyone when you need something to regulate your system. If your bowels are sluggish, your food distresses you, your kidneys pain, take Hollier's Rocky Mountain Tea. It always relieves. 25 cents, 50 or 100 in 50¢ boxes and 100 in 100¢ boxes.

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at night unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

THE INTERIOR JOURNAL.

Established 1872.

SHELTON SAUFLEY.....Publisher

EVERY TUESDAY AND FRIDAY

POLITICAL ANNOUNCEMENTS

For Circuit Judge

The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial district, at the election to be held November, 1911, subject to the action of the Demo-

Some of the Hon Johnson papers say the Interior Journal talks too plainly about the candidacy of their champion. Seems to us that it's much wiser to have democrats acquainted with facts concerning a man's candidacy before they make a nomination, rather than that the republicans should be the ones to tell about him afterwards. We have said nothing concerning Mr. Johnson's qualifications, or disqualifications, which is not known to all the republican leaders of the state, and which they have been preparing for some time to use as capital against him, should he be nominated, whether the Interior Journal suggests them before the nomination or not. But let's not put up a leader who is so completely vulnerable to the enemy's fire.

Then Johnson complained in his speech of Shelbyville, this week that an effort is being made to force a mid-winter primary, which would not give candidates for governor time to make an effective canvass of the state. He ought not to have any flick. He has been a candidate for governor for over a year, and has worked every possible wire to get a favorable consideration from the democracy of the state. Does he think that within another year he might be able to convince them that he is the logical man to redeem the state from republicanism? From the opinions we hear expressed from over the state he wouldn't be able to convince them of that if he had as much time as it has taken to build the Panama canal.

The Owen county tobacco growers are already organizing another pool for next year, and have decided to cut out a crop. If the Lincoln growers and others south of the river had joined the pool last year many would not now be unable to find a buyer for their crops.

The Interior Journal has been captured by Santa Claus this issue. Read the letters from the little ones to the jolly old fellow and then notice the rids of live merchants who are renev to fill his sack with just what the youngsters are looking for.

KEPT THE KING AT HOME

"For the past year we have kept the King of all laxatives—Dr. King's New Life Pills—home and they have proved a blessing to all our family," writes Paul Mathulka, of Buffalo N. Y. Easy, but sure remedy for all stomach, liver and kidney troubles. Only 25 cents at Penny's Drug Store.

Don't Knock

(Contributed.)

It would be just as ludicrous to expect all enterprises to prosper without strong support and co-operation as to try to remove a log-jam with a tooth pick. Give a just meed of praise when and where it is due. When business enterprises are launched, churches and schools are mentioned or the press is spoken of as the laurel rather than the hammer. There seems to be a number of men against giving encouragement to the striver. Is a minister, teacher, editor or one of any calling or profession does a commendable deed why not recognize it by word or token rather than making virtue its own reward by ascribing the eternal reward of silence.

Do not save your alabaster cruse of encouraging words until friends have gone to the dim unknown, but sing your song of praise in the living present. Threnodies should be made into joyful psalms of him who lives and labors for the good of the community. If you have a good paper, support it. If you have a good school praise it and co-operate with the authorities in improving it. Let the editor's desk be strewn with letters of commendation for the good rather than lined with requests for discontinuance for the bad. In any public work, do not stave your fragrant perfumes of co-operation, sympathy and appreciation, but break the box and scatter them over the living. Take to the worker in weary troubled hours of his poor heart the flowers you mean to send to his coffin.

A casket without a rose or a funeral without a eulogy, is far better than a life without the healing balm of sympathy, encouragement and appreciation of fellow man.

Do not give the public man the short end of the teeter board but grant to him the right of exercising free speech and assist him to do it.

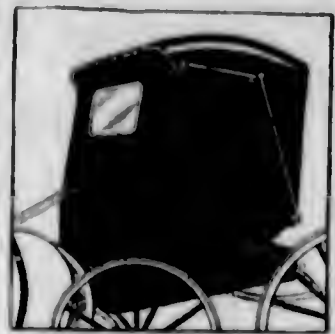

We do not essay to be prophets but if the foregoing be read and lived, our community would become a crowding gem in the galaxy of Kentucky towns. Eulogize more; criticize less, give your county paper, your county schools, and your county officials a friendly and brotherly grip and word, and each will improve. Boost your town and it will grow, commend your public servants and they will strive to excel.

Post mortem eulogies cast no ray of light over the past's beclouded spirits. Flowers on the cold sarcophagus emit no fragrance over the storm tossed lives of by gone days, but a word in kindness spoken, a lift in kindness given may heal a heart that is broken and bear a soul toward heaven.

Give the helpful word rather than the one which hinders. Instead of placing obstacles in the way of the plodder, endeavor to remove the causes of retardation and then the evils will mitigate themselves with merciful oblivion of time.

It's mighty cold driving now. See our fine line of lap robes, storm fronts, carriage heaters and coal. J. C. McClary.

A WOMAN'S GREAT IDEA.

Is how to make herself attractive, but without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, and purify the blood; give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion, good health. WELL FITTING CLOTHES

There's no patent on the idea of wearing plain, well fitting clothes. There is there a copy-right on selling them. Only so many people don't wear them or so many dealers don't sell 'em that it's always worth noting. We're here to sell clothes, and--we do. We sell good ones, but that doesn't mean they are dear. We buy carefully from makers we can depend upon, pay for and get good cloth, good lining, good workmanship and good fit. And we sell at a moderate profit.

REAPING BENEFIT

From The Experience of Stanford People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterance of Stanford residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

John T. Harnette, carpenter, Highland, Street, Stanford, Ky., says: "I used a great number of kidney remedies in the past three years and can say that Doan's Kidney Pills brought me the first relief. My work obliged me to do heavy lifting and stooping at times, and this weakened my kidneys. I suffered from a pain across the small of my back that often became so intense, I was unable to do anything. I was feeling miserable when I learned of Doan's Kidney Pills and they were recommended so highly that I procured a supply at Shugart and Tanner's Drug Store. This remedy gave almost instant relief and for that reason, gladly recommend it."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

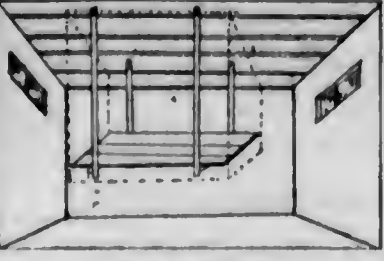

Remember the name—Doan's—and take no other.

HANGING-SHELF FOR CELLAR

Curtain Hung Around Fruit Jars Excludes Dust and Keeps Out Flies to Great Extent.

(By J. WESLEY GRIFFIN)

We used to wrap all of our glass fruit jars with paper to exclude the light. Now we have a curtain hung around the shelf as shown by the dotted lines in the drawing. It is tacked along each side joint to the edge of the center joists. What light gets in between the joints amounts to nothing and the arrangement makes a good ventilation for the closet. Try a curtain around the cellar shelf and see how well the fruit keeps. It also keeps out dust and flies to a great extent.

The Gipsy Brown Tail.

Every farmer should take pains to learn to recognize at sight the various stages of the gipsy brown tail and many other of our insect pests, and they should be instructed by the state how to manage the war against them. If farmer A— keeps his orchard and trees free from brown tails and neighbor B— just over the fence leaves a lot of these pests on some of his trees that are out of the jurisdiction of the town or state, how can farmer A— expect to get ahead in his fight against the pest?

FARM NOTES

The well filled silo forestalls dry pasture worry.

One and one-half bushels of wheat are simple to sow an acre.

The successful farmer finds weeding to do in the fields as well as the fields.

You can find many chunks of wood about the farm. Save them all for the stove.

Every weed that is killed before going to seed makes next year's field the cleaner.

Manure that is spread upon the field will not waste its fertility. This is not the case with the piles in the barnyard.

Deep use water to dilute the heavy, thick honey left over from winter to make it suitable for the young larvae, and also to make the cell wax pliable.

Onions, squashes, pumpkins and sweet potatoes should be stored in a dry frost-proof place; most cellars are too damp, and a room or attic is usually a better place.

Keep some kind of a crop growing in the garden the entire season. If nothing else is done, sow wheat or rye on the vacant places to keep weeds from springing up and maturing seed. Weeds ripen in a very short time if they are allowed to grow.

A DREADFUL WOUND.

from a knife, gun, tin can, rusty nail, fireworks or any other nature, demands prompt treatment with Dr. Lewis' Arnica Salve to prevent blood poisoning or gangrene. It's the quickest surest healer for all such wounds as also for burns, boils, sores, eruptions, eczema, skinned hands, corns or blisters.

Some Fertilizers Injure Celery.

It is popularly believed that certain fertilizers induce the disease of celery known as black heart, and a series of experiments was carried on at the Florida experiment station, in which 26 formulas of fertilizers were tested. Plants receiving nitrate of soda and kaolin were uniformly severely attacked by the disease, and those plants which received fertilizers consisting of bone meal, fish scrap and high grade sulphate of potash gave best results.

Care of New Lawn.

All new lawns should be covered with well rotted manure or other commercial fertilizer late in the fall. Five hundred pounds of the latter to the acre is a good proportion. Some gardeners think that the use of stable manure encourages weeds.

Fertilizers for Fruit.

Commercial fertilizers rich in potash is needed for fruit trees; it strengthens and builds up the wood and adds flavor to the fruit. When they get strong and vigorous apply nitrate of soda in the early spring.

MARVELOUS DISCOVERIES

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men and that wonder of wonders—Dr. King's New discovery—to save life when threatened by coughs, colds, influenza, grippe, asthma, croup, bronchitis, hemorrhages, lay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly.

It's the surest cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and \$1. A trial bottle free. Guaranteed by Penny's Drug Store.

NOTICE. To my friends and patrons: It seems that the report has been in some way circulated that it was my intention to leave Stanford and quit the insurance business, and I wish to state the contrary of it is untrue. I came to your city to educate my children on account of the ill health, which I think one of the best in the state, and the patronage extended me in my business as well as the many many kindnesses extended me and my family, by the kindest people I have ever met, makes me think of nothing else than leave. Assuming all of friends of my appreciation of past courtesies, I am, Yours very truly, W. S. FISH.
